

Internships Available

Clinical and Translational
Science Center

Adolescent and Young Adult Research Specialist

📍 Remote

The Adolescent and Young Adult (AYA) Program is focused on identifying and developing strategies and resources to improve recruitment and retention of the AYAs' special population in clinical and translational research.

Clean Economy / Civic Leadership & Engagement

📍 Partially Remote

Valley Vision brings communities together to tackle our region's biggest challenges and ensure a more livable future. Our work centers on collaboration, research, and advocacy to improve people's lives.

UC DAVIS

Partnership & Expansion Development

📍 Flexible

The candidate will play a key role in the research, project management and initial outreach phase of a strategic initiative to expand the diversity, equity and inclusion interests of the Institute in the Sacramento municipal area.

Social and Environmental Justice through Social Media

📍 Remote

Leadership Counsel for Justice and Accountability (LCJA) was created to fundamentally shift the dynamics that have created stark inequalities in California's low income, rural regions.

Environmental Health
Sciences Center

EHSC Community Environmental Health Science Academy

📍 Remote

This 2022 CEHSA curriculum will focus on the science and environmental health impacts of air quality through an environmental justice lens, and colonization in science, particularly as it relates to environmental health research.

UC DAVIS
Center for Regional Change

CRC YPAR Documentation

📍 Remote

This internship position will support CRC's research and program documentation efforts focused on youth participatory action research (YPAR) projects in CalFresh Healthy Living, UC programming.

Local
Government
Commission

LGC Water and Land Use

📍 Remote

The project goal is to support LGC's continuous efforts to lead the integration of water management and land use planning.

Environmental Justice Leaders Fellowship

📍 Remote with Some Travel

The UC Davis Environmental Justice Leaders Fellowship is an opportunity for EJ professionals.

CivicSpark Fellowship

📍 Remote

The CivicSpark Intern will support implementation of the CivicSpark program in California, as well as development for CivicSpark expansion into other states.

Evaluation of AB 617: Community Air Monitoring & Emissions Reduction Implementation

📍 Partially Remote

This project evaluates the implementation process of AB 617 in California's San Joaquin Valley. One graduate and one undergraduate position is available.
